

## THE CHALLENGE TO ACHIVE

# A commitment to H&S

- 1 **I will come to work** in perfect conditions and will always be alert to report any incident that affects the H&S of personnel, equipment and facilities.

---

- 2 **I will protect my personal H&S** and my colleagues and third parties who are in the facilities.

---

- 3 **I will respect at all times the rules** for handling loads and will never stay under suspended loads or near the same area.

---

- 4 **I will make sure** that all auxiliary elements used for lifting loads are in good condition and are suitable for the work to be done.

---

- 5 **I will avoid failed efforts** using mechanical means available and when it is not possible I shall request help to my colleagues.

---

- 6 **I do not disable or modify** the safety of machinery, equipment and tools also watching no one does it.

---

- 7 **Always I will use the eye and face protections** regardless of how long they last the tasks to be performed.

---

- 8 **I will use the means** of prevention and fall protection in all jobs which require it.

---

- 9 **I will use hearing protectors** as a preventive measure when exposed to noise.

---

- 10 **I will contribute to the order and cleanliness** as well as segregating waste generated fulfilling the duties assigned to my job, and the environment where this activities are carried out.

---

- 11 **I will respect the rules and safety signs** and correctly will use the Personal Protective Equipment assigned to each job. In case of doubt I will consult it with my superior.

“With this information we wants to contribute to improve H&S at work”
